ParkLife (& Beyond)

"The world's favorite season is the spring. All things seem possible in May."

Edwin Way Teale

The month of May sees us with an update for the tennis courts at last, looking for funding for a replacement interpretation board in the meadow, and the judging for the Green Flag Community Award by KWT is now done and dusted and so we await the result. We're also still waiting to see the report of the Taff Trail Engagement Consultation so we can see what changes will be made to the Taff Trail through the park.

Beyond the confines of the park, **coming this Saturday** at Forest Farm is the **Summer Wildlife Festival & Free Fun Dog Show** a great family day out for everyone, including your dog.

Sunday sees another day to help out on the park - not sure what tasks we'll be doing but whatever we do will be added value to the park for when the Green Flag itself is applied for the whole park next year. Even if you can only do an hour it helps or if you want to do more voluntary work in our wonderful green spaces around Cardiff for whatever reason then have added details of how to achieve that.

May

Tennis Courts Update

The project is going out to tender to contractors on 9/5/2018, the council will close the tender process on the 23/5 and will consider the applications, after this date the council will have a better idea of the anticipated start & finish times of the project but for your information, they are looking at doing the following:

- The two courts by the gated entrance will stay as they are for now - these are in a playable condition and it is felt that the money is better spent on the remaining two thirds of the court that are in the worst state.
- Specifically, there will be a new entrance at the far end of the courts together with a new path. The courts themselves will be resurfaced, painted etc.
- Soon (although no date has been confirmed) there will be a public consultation on what to do with the remaining third of the tennis courts – should they remain as tennis courts, in which case they would be brought up to the same standard as the other portion or would residents like to see it be used for something else?
- Any queries please get in touch with your local councillor Jennifer.burke-davies@cardiff.gov.uk

Interpretation Board Its been in the meadow for a number of years and despite protecting it over the years its becoming quite weather beaten.

find are finding in the meadow over the years of regeneration since we began our group.

Workdays

27 May 2–5pm	9 Sept 2–5pm
24 June 2–5pm	28 Oct 1–4pm
